**SOME THOUGHTS ABOUT WINE FROM THE POINT OF VIEW
OF CULTURAL LINGUISTICS**

(Abstract)

The article studies the standpoint of the concept of wine in Bulgarian language and culture from a linguocultural point of view. Based on corpus material from a variety of dictionaries, Bulgarian National Corpus and National Register of Populated Places, the article proves the significance of wine as a linguistic and cultural concept. Linguistic and cultural interpretations are provided for a considerable part of what could be safely regarded as the “conceptosphere of wine”.

Keywords: concept of wine, cultural linguistics, Bulgarian language and culture, sphere of concepts
