**THE CONCEPT *HEALTH*  
IN THE OLD BULGARIAN MANUSCRIPTS**

(Abstract)

The semantic realizations of the cultural concept health in the history of Bulgarian literary language are examined in this paper. The linguistic facts of old Bulgarian manuscripts, dialects and modern language are used. The system of phrases and sentences with words with -цѣл-, -вралъ-, -вал-, -уист- and its distribution in different cultural contexts are analyzed in a relation with cultural concept health, Christian ideas and Bulgarian traditional culture.

*Keywords:* history of Bulgarian language, Christianity, traditional culture
