WHAT'S TYPICALLY IN THE SEMANTICS OF THE SENTENCE?

(Summary)

The paper deals with the main aspects of the study of the semantics of the sentence – predication, noun phrase analysis, the semantics of phrases headed by adjectives, numerals, ordinal numbers, as well as of adverbial phrases. The survey also covers the issues of deep and surface cases, the semantics of utterances in terms of their communicative purpose, and the relation between the sentence semantics and the so-called extralinguistic reality.

Key words: semantics, sentence, case, communication, extralinguistic reality
