FACADE INSCRIPTIONS OF THE STAINT DIMITAR CHURCH IN THE VILLAGE OF DODULAR

GEORGI MITRINOV
INSTITUTE FOR BULGARIAN LANGUAGE, BULGARIAN ACADEMY OF SCIENCES

The church of Dodular village, Thessaloniki region, is one of the few old-time Bulgarian churches in the region which has preserved Bulgarian traces even after the changes they have gone through, connected with expunging all the traces of a preceding Bulgarian presence undertaken by the Greek authorities. The façade Cyrillic inscription above the entrance of the church reveals valuable information about its Bulgarian past and the struggle of the local original Bulgarian Christian inhabitants for affiliating to the Bulgarian exarchy.
